

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A method for treating a metabolic or autoimmune disorder in a human or veterinary patient, said method comprising the ~~step~~ steps of

(A) administering to the patient a therapeutically effective amount of a compound having the formula:

wherein:

R₁, R₂ and R₃ each represents a hydrogen atom or a C₁-C₂₂ acyl group;

R₄ represents a hydrogen atom or a C₁-C₆ alkyl group;

R₅ represents a C₁-C₂₁ alkyl group or a C₆ or C₁₀ aryl group;

R₆ represents a hydrogen atom; and

R represents the residue of an amino acid or a linear peptide of up to from 2 to 6 amino acid residues. Furthermore, at least one of the residues may be optionally substituted with a lipophilic group through an ester or amide bond; and n is 1 and 2; and

(B) administering to the patient a natural or synthetic compound that comprises a flavone, flavonoid, isoflavone or a derivative, prodrug or congener thereof.

2. (Original) A method according to Claim 1 wherein Step A comprises administering GMDP.
3. (Original) A method according to Claim 1 wherein Step A comprises administering GMDP-A.
4. (Original) A method according to Claim 1 wherein Step A comprises administering GMDP and GMDP-A.
5. (Original) A method according to Claim 4 wherein Step A comprises administering GMDP and GMDP-A in separate doses at separate times.
6. (Original) A method according to any of Claims 1-5 wherein the compound is administered enterally.
7. (Original) A method according to any of Claims 1-5 wherein the compound is administered parenterally.
8. (Original) A method according to Claim 7 wherein the compound is administered intranasally.
9. (Original) A method according to Claim 7 wherein the compound is administered sublingually.
10. (Original) A method according to Claim 7 wherein the compound is administered by buccal administration.
11. (Cancelled)

12. (Currently Amended) A method according to Claim ~~44~~ 1 wherein Step A and Step B are carried out substantially simultaneously.

13. (Currently Amended) A method according to Claim ~~44~~ 1 wherein Step A and Step B are carried out at different times.

14. (Original) A method according to Claim 12 wherein the compound of Step A and the compound of Step B are administered in a fixed dosage combination pharmaceutical preparation.

15. (Cancelled)
